Personal Information

Full Name: Nguyễn Hà Vương Ngọc   Gender: Male
School: VNU UET   Date of Birth: 07/10/2004

Goals

I am a third-year IT student skilled in Java, Kotlin, and Flutter, with hands-on experience building scalable apps and database-backed tools. Passionate about clean code, test-driven development, and collaborating in Agile teams to deliver user-centric solutions.

- Within the first weeks, I wish to learn from the experienced colleagues and master my assigned tasks.
- After establishing myself as a professional programmer with a refined work ethic, I wish to advance to a senior role with competitive compensation, and contribute to the company in the long term.

Education

09/2022 - Present

VNU University of Engineering and Technology   Major: Information Technology

Projects

English Learning App   PhHuNg Dictionary   11/2023

- Built an English-learning application with an integrated dictionary and quiz engine using JavaFX in IntelliJ IDEA. Designed the UI in SceneBuilder, implemented a BST-based word lookup with explanations, managed the word database in MySQL, and integrated VoiceRSS for text-to-speech plus live-translation APIs.
- Technology: Java, JavaFX, MySQL, VoiceRSS, APIs, Git

Smart Messaging App   Zola   12/2024

- Engineered a feature-rich messaging app in Android Studio with Kotlin and JavaScript. Aside from standard chat, implemented text-to-speech notifications, sensitive-image censorship and proximity-based features. Furthermore, various unit, UI and API tests are made and conducted to ensure code quality
- Technology: Kotlin, JavaScript, Cloudinary, Mongodb, Git, Jira

School Education Interface   EasyEdu   04/2025

- Developed a Flutter-based educational app tailored for students with special needs, using Dart in Flutter. Sketched interfaces on paper and in Figma before coding synchronized page flows, a subject-themed calendar and notification system, and lesson-creation previews for teachers.
- Technology: Dart, Flutter, Figma, HTML, Git

Skills

Programming Languages:

- Advanced in: C/C++, Java, Kotlin / Dart, SQL
- Familiar with: Python, HTML, JavaScript, PHP

Version Control/Project Management: Git, Jira, Agile/Scrum

Languages: Vietnamese (Native), English (Proficient)

Soft Skills: Hard-working, Work ethic, Time management, Adaptability, Teamwork, Creativity, Attention to detail
